October 13, 2011

To Whom It May Concern,

We are happy to recommend **North Shore Home Services** as a reliable and trustworthy company to do business with. The work completed for *Entre Nous Femmes Society* at Evelyn Estates (9155 - 136A Street, Surrey) in March of 2011 met all of our expectations. The onsite crew was professional, courteous and thorough and the office staff were prompt and accurate in all of the paperwork. The project stayed within budget and was completed on time. The site was left clean and the follow up for the few minor issues was immediate.

Overall, we enjoyed working with **North Shore** and look forward to future projects with their firm.

Please feel free to contact me should you wish further information.

Sincerely,

Fred Bowser
